### 2. Mass Diagrams

## **OLD BUSINESS**

1. Subsection 102.17 Public Works Contract. This specification was out for comment during October 2008, was finalized in November and placed in projects advertised after December 18, 2008. MCA requested this be discussed further.
2. Fuel Price. MDT is looking at increasing the number of items, possibly based on original contract amount. No decision has been made on this topic.
3. Epoxy Pavement Markings. MCA will be submitting comments regarding the 30 to 45 day window for application of epoxy after seal coat.

## **AD-HOC ITEMS**
